

# Violet in the Snow

When it all began,  
God was so very far away  
A mighty king whom man must honour and obey  
But we went astray  
And God said: "My people need a friend"  
So many years ago  
In Bethlehem, a baby came  
Like a violet in the snow.

He was wrinkled and red,  
And he cried just the same as you and I  
And as she held her son  
Mary's secret filled her eyes  
Yes, she thought of us,  
And knew that His peace  
Could fill our lives  
So many years ago  
In Bethlehem, a baby came  
Like a violet in the snow.

Oh the shepherds came  
And the angels sang throughout the night  
And the light of the star  
Banished hopelessness and fright  
Yes, our Brother has come  
And now we know that God is love  
So many years ago  
In Bethlehem, a baby came  
Like a violet in the snow
