

WHO IS MY NEIGHBOUR

Who is my neighbour?

Have I passed her on the road?

Is she hungry or tired?

Could I lighten her load?

Walking and wounded,

We can all be restored.

Who is my neighbour, Lord?

**Rain from the heavens,
Below a human storm.**

**The homeless and the tired
are seeking shelter, needing warmth.**

**Across fences and bridges,
countries and seas.**

**There's a family of humanity
and a God who brings peace.**

**Who is my neighbour?
Have I passed her on the road?
Is she hungry or tired?
Could I lighten her load?
Walking and wounded,
We can all be restored.
Who is my neighbour, Lord?**

**We are bread for one another.
We are salt, we are light.
Broken and shared
to bread darkness if night.
We are witness from the table.
To the world we all called,
with healing and compassion,
bread of life for us all.**

**Who is my neighbour?
Have I passed her on the road?
Is she hungry or tired?
Could I lighten her load?
Walking and wounded,
We can all be restored.
Who is my neighbour, Lord?**

**Love one another
As I have loved you.
Jesus our Saviour
Has shown this to be true.
For the lonely, the aged,
the weak and despaired,
we show one another,
We are all in God's care.**

**Who is my neighbour?
Have I passed her on the road?
Is she hungry or tired?
Could I lighten her load?
Walking and wounded,
We can all be restored.
Who is my neighbour, Lord?**
